FLORIN LAW ACADEMY

The Sacramento Sheriff’s Activities League’s Florin High School Law Academy mentoring program has been a huge success this year. In addition to YSU deputies teaching in the classroom, 14 Sheriff’s Office personnel are participating in this year’s mentor program. Mentors range from crime analysts officers, record officers, deputies, dispatchers, sergeants, and captains.

The goal of the program is to increase diversity in the legal profession by providing education, training, and opportunities to low-income, at-risk students of color. Mentors help students develop leadership and job skills while providing them with a platform to learn about and explore rewarding career opportunities in public service and the legal industry. Over the years, the mentor program has helped hundreds of students create and pursue their college and career goals.

SAL would like to recognize the following Sheriff's Office personnel for their hard work, commitment, and dedication to the program!

Captain Brandon Luke
Lieutenant Shane Gregory
Deputy Allan Harlan
Deputy Joshua Wanner
Deputy Anton Alpatov
Deputy Travis Ahlers
Deputy Landon Malm

Deputy Rodolfo Roque
Deputy Tamiko Abbott
Deputy Erik Murphy
SRO Joshua DeJesus
SRO Kelly Campbell
911 Dispatcher Heather Arthur
Crime & Intel Analyst Jessica Collins

YOUNG MARINES

The Sacramento Young Marines continue to meet virtually and in person to encourage healthy habits and teamwork.

S.H.O.C.K.

The S.H.O.C.K. program takes on a leadership role by partnering with community-based organizations, local businesses, and other youth-serving agencies to reach out to those youth considered at-risk for making poor choices in their lives.

Chronic absenteeism, continuous disruption to classroom learning, signs of experimentation with drugs and/or alcohol, as well as involvement with the gang lifestyle are considered behaviors that could lead to devastating life-long consequences.

This program is designed to:

- Redirect negative behavior
- Provide partnerships with law enforcement, the community, and schools
- Increase understanding of the criminal justice system
- Emphasize the legal consequences of violating the law

S.H.O.C.K. is an eight-week structured program that provides juveniles with incentives, team building activities, and motivates them through positive reinforcement.

If you're interested in having the opportunity to impact our youth in a positive way through the program, contact Sergeant Zach Hatch at zhatch@sacsheriff.com
