This was a fun, family friendly event where the Sheriff's Office gave away free food, raffled away 25 bikes, and had multiple demonstrations and static displays!

Guests enjoyed burgers, hot dogs, chips, Rice Krispies Treats, and snow cones. SAL would like to thank all the volunteers that made this event such a success!

We all had a blast at our last Unity in the Community of the season! Thank you to our Sacramento County community for making this such a fun and eventful summer. We cannot wait for next year!

We'd like to give a special "shout out" to our partners that donated their time, talents and resources and also worked tirelessly to ensure this event was a success:

S.H.O.C.K.

The S.H.O.C.K. program takes on a leadership role by partnering with community-based organizations, local businesses, and other youth-serving agencies to reach out to those youth considered at-risk for making poor choices in their lives.

Chronic absenteeism, continuous disruption to classroom learning, signs of experimentation with drugs and/or alcohol, as well as involvement with the gang lifestyle are considered behaviors that could lead to devastating life-long consequences.

This program is designed to:

- Redirect negative behavior
- Provide partnerships with law enforcement, the community, and schools
- Increase understanding of the criminal justice system
- Emphasize the legal consequences of violating the law
